Bristle & Paper...

your personal decorators

We understand that every home is unique and that décor selection is personal...

Our décor consultancy ensures that your colour preferences work in harmony with light, space and furnishings. With knowledge and experience, gained from working with the best wallpaper and paint brands, we impart advice in order to create beautiful décor tailored to your home.

What is included in our consultation?

- Simply make an appointment with one of our team to discuss your project. Whether it's decorating one or several rooms, or your complete interior.
- One of our **Bristle & Paper** décor consultants will discuss your colour ideas and plans. We will assess the space, light and architecture of each interior.
- To assist each consultation we bring large colour samples with wallpaper swatches. This process concludes with a detailed written specification, including costing and schedule of works.

Consultancy service fee

Advice will be provided for a maximum of 2 rooms per hour, depending on the complexity and scale of the rooms specified.

The **Bristle & Paper** décor consultant fee is £75 per hour (refundable upon completion of work).
